

Data Science Education: From Tutorials to Assessment

Graduation with Distinction: Proposal

Evan Dragich

supervised by Dr. Mine Çetinkaya-Rundel, PhD.

for Spring 2023 graduation

research proposal for your paper (thesis) including title and brief plan of implementation. Your proposal should succinctly address motivation/research questions,

background,

methodology,

data access and technology needs,

ethical implications,

a timeline,

proposed target conference or publication, and

brief bibliography.
